

26<sup>th</sup> February, 2018

Dear Parents and Families,

**Re: Second set of year 11 mock examinations**

The science department have made a decision that not all year 11 students will sit mock examinations during the second round during week beginning 5<sup>th</sup> March.

Students who are not sitting science mock exams, will attend lessons as usual. For these students who we are confident with their tier of entry and sitting a further mock would not provide us with any information that we don't already know. It is more important for these students to be in lessons learning and saving the exam questions to use as a revision tool nearer the real exams.

Students, who are sitting mock exams, are doing so because we are as yet still undecided about their tier of entry and wish to give them a final opportunity to prove themselves capable in certain tiers. As a rule of thumb, **ALL** triple science students will be sitting their three mock exam papers as will Mrs Fountain's class and the Studio School.

The exams are detailed as follows:

Tuesday 6<sup>th</sup> March 2018 – Biology  
Thursday 8<sup>th</sup> March 2018 – Chemistry  
Friday 9<sup>th</sup> March 2018 – Physics.

If you have any further questions regarding your child and their science mock exams, please contact either myself or your child's science teacher at the College.

Yours faithfully,

Paul Franks  
Head of Faculty - Sciences
